Figure 10. A 3D visualization of the reconstructed model.

**General protection  
against hazards**  
These standards set up the  
framework for protection of the  
**occupational health and safety**  
at work by fixing limits of time  
and amount of risk factors,  
such as physical stress,  
and hazardous substances.  
They harmonise rules and  
conditions of protection in  
the workplace.
