There are several bills in the legislature at the present time that we are concerned with. House Bill #514 requires public schools to make a payroll deduction for Union dues. I think we should be opposed to this legislation. There is also a bill before the legislature that would require all surplus funds to be invested in banks in the State of Idaho, this would eliminate Federal Treasury Notes and other securities of this nature.

The total junior college appropriation is divided between the College of Southern Idaho and North Idaho College, on the basis of full-time equivalent students. Last year we received 54.6% of the appropriation.

ADJOURNMENT DECLARED: 5:35 p.m..
