1. Shane Ridley-Stevens, outgoing student body president, and Glenn Judd, incoming student body president, presented President Meyerhoeffer with a picture of the Meyerhoeffer Building. The picture was painted by Bill West.

2. The Board instructed John Roshalt to file a petition to continue the moratorium on geothermal water use for another five years on MOTION by Dr. Charles Lehrman. Affirmative vote was unanimous.

3. The fiscal year 1998 Board Meeting Schedule was approved

Lynn Irons and Jane Brumbach reviewed their recent

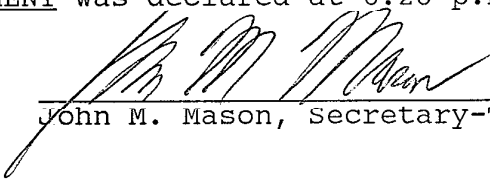

Program and General Equivalency Degree Program. The accreditation report included numerous commendations with few recommendations for improvement. Our program was recognized as being one of the best the accreditation team had ever seen.

Jane Brumbach thanked the administration and Board for their strong support of the program. Lynn Irons and Jane Brumbach were commended by the President and the Board for their outstanding performance in operating the program.

5. President Meyerhoeffer advised the Board that Darrell Manning, former Director of the Department of Transportation, had been selected at the interim Executive Director of the State Board of Education.

Re: Computer Bid

We received 12 bids for the specified computers. The bid listing is on the attached page. Based upon a review of the bids by Dr. Ken Campbell and Gary Baum, I recommend that we accept the low bid of BJR Microsystems of Boise, Idaho in the amount of \$775.00 for a base system.

We are still in the process of deciding how many computers and the exact configurations of the computers that we will be buying for both this fiscal year and next fiscal year.

We are estimating that we will be buying a total of 70 to 110 computers depending upon the needs of the instructional division. We definitely will be buying 20 computers for the library, 30 computers for the Canyon Computer Lab, 1 for the Hailey Center, 1 for the Human Resource Department, 2 for Information Technology and 3 for Trans IV.

We request that the Board authorize us to order up to 110 computers from the low bidder next week when we can

June board meeting.

It is critical that we order the computers as soon as possible so that we can get them installed and tested prior to the students arriving next fall.

Re: Sole Source Purchase of Telecommunications Router

In July of 1995 we accepted the sole bid for a 32 x 32 router from Iris Technologies in the amount of \$20,790.00. The router is at capacity and we need to upgrade to a 64 x 64 router.

The 64 x 64 refers to the number of from and to sites that we can serve. On campus and off campus

satellite systems are example of sites that need to be both origination and destination sites.

We are requesting approval to upgrade the existing Iris Technology router with the new one without going out to bid. The justification for not bidding is as follows:

1. We have invested in a significant amount of software to operate the Iris system.
2. Our staff has had to learn the software and the configuration of the existing router. The software and configuration will be the same for the new router.
3. We are being offered \$12,600 for the old router from Iris Technologies if we trade it in on the new router.
4. ~~We bid the first router two years ago and found it~~

It is my recommendation that we designate the upgraded router a sole source purchase. The cost of the router is \$44,245 less the \$12,600 trade in for a total of \$31,645. The purchase will be made from Iris Technologies of Greensburg, Pennsylvania.

Funding for this purchase is from a grant from the Division of Vocational Education.
