5. The President advised the Board that employee contracts would be mailed on Tuesday, April 16, 2002. He noted that salaries for fiscal year 2003 would remain the same with the exception of rank adjustments, changes in duties and some equity issues. President Meyerhoeffer commended the staff for their support and understanding concerning the fiscal issues facing the college. He noted that it would be very

difficult if we face another round of reductions in fiscal year 2003 or reductions in fiscal year 2004.

The funding for the Fine Arts Addition remains dependent upon April tax revenues coming in as projected. President Meyerhoeffer noted that nearly fifty million dollars of building projects would be eliminated before the Fine Arts Addition funds were reduced.

Re: Northview Building A Roofing Project

We received seven bids from the following vendors for
the specified roofing project:

Thomas Robinson Roofing	\$39,861
Briqqs Roofing Company	32,246
Pro-Tech Roofing	30,693
Upson Company	28,336
Modern Roofing	27,493
Roman Roof	26,857

Based upon a review of the bids by Don Buettner, I
recommend that we accept the low bid of Roman Roof of Boise,
Idaho in the amount of \$26,857.00.

Funding for this project is from the Student Union
Fund.

The College of Southern Idaho strongly supports the men and women serving in the United States Army, Navy, Air Force, Marines, and Coast Guard and the National Guard and establishes this policy as protection for the activated student's educational plans.

This policy includes three (3) options that apply to students who are members of a reserve component of the US Armed Forces prior to enrollment and are involuntarily

willing to address each situation on a case-by-case basis; however, these options should be sufficient. CSI will also address the situation on a case-by-case basis should the student decide to serve voluntarily. For example: leaving for Basic Training, Advanced area.

Students who wish to exercise any of the following options as a result of being called to active duty, must provide a signed letter, expressing which option is being requested, and a copy of their orders to the College of Southern Idaho records office. The request must be made within one week of the receipt of orders for activation and may be made by either the student or other responsible party who has the student's military

Option 1

The activated student may elect to completely withdraw, receiving a "W" on his or her transcript. The standard withdraw deadlines will not be applied. One hundred (100%) of the student's fees will be refunded, as well as a pro-rated refund for

in good condition. Adjustments in the refund price may be made for damage.

Option 2

The activated student may elect to have the instructor(s) of their course(s) continue to work with them on an individualized basis. Arrangements must be made with

the instructors of each class to continue study via telephone, mail, e-mail, the Internet, or any other technology that may be available. The length of time to complete these courses and receive grades will be extended to one year after the action for which the student was activated is complete.

Option 3

If 50% or more of the course(s) has elapsed by the time the student is called for active military duty, the student may meet with each instructor to determine their current grade in the course and request to receive, as a final grade, the grade they currently have in the class. If less than 50% of the course(s) has elapsed by the time the student is called for active military duty, the student will be withdrawn from the course(s). Since the assignment of grades is the responsibility of the instructor, he or she may assign whatever grade is appropriate. If the student does not agree with the instructor's decision, he or she may choose to have that grade changed to an Incomplete ("I"). If the student is not passing a course(s) at the time they are activated, they will be withdrawn from the course(s) and a "W" will appear in the grade column. The length of time to complete these courses and receive grades will be extended to one year after the student was activated is complete.
