MINUTES OF THE REGULAR SESSION OF SEPTEMBER 16, 2002, were approved as written on MOTION by Dr. Thad Scholes. Affirmative vote was unanimous.

TREASURER'S REPORT: The Treasurer's Report was approved on MOTION by Bill Babcock. Affirmative vote was unanimous.

#### PRESIDENT'S REPORT:

1. The Board approved the purchase of the IP phone system

11vc year rinancing of the parenage enrough of same as a

was anamenous.

The payments for the new system will be made from the existing phone account budget.

2. The fiscal year 2002 audit was approved on MOTION by

pleased with the audit.

- Mike Mason reviewed health insurance issues with the Board. The College is experiencing increasing costs and a reduction in benefits from the State of Idaho Group Insurance program. The administration is reviewing health
- 4. Randy Dill reported on the new campus traffic patterns. While some rush hour congestion still occurs, the new patterns are an improvement. There is still some congestion on the Falls Avenue southeast exit caused by cars leaving

prevent this from occurring.

- 5. Dr. Ken Campbell presented the first year NISOD (National Institute for Staff and Organizational Development) student survey results to the Board. The survey involved 830 students in over 50 separate class sections. The survey results were very positive. The survey will be run for three years. The feedback will be used to provide data for continuous improvement and improved outcomes. Benchmarks for survey data will be available in early November.
- 6. Curtis Eaton introduced the student services staff and spoke about the one stop shop being developed. He advised the Board that they were defining roles and communicating these roles to the campus and the community.

Debi Klimes spoke about student persistence and retention issues. She addressed campus advising and counseling roles as well as customer service standards.

under the \$4,900,000 budget. The bids include a \$100,000 contingency and \$250,000 for furnishings.

The earthwork for the building is underway and footings should be poured in early November. Steel will go up as soon as it arrives. The slab floors will not be poured until late February or March of 2003, depending upon the weather.

8. The President expressed his concern regarding the Governor's Blue Ribbon Committee. The committee for education does not have any representation from community colleges or public higher education.

He also advised the Board that he had been talking to Dale Riedesel concerning campus access and egress. The College will be talking to the City of Twin Falls concerning

ADJOURNMENT was declared at 6:42 p.m.

Idaho Board of Trustees

From: Mike Mason

Re: Phone System Upgrade

Our existing voice mail system was over four years old and the technologically checkets—with an OS2 exerting system and limited support, we would have faced the immediate decision of putting money into an old system or replacing it if it had quit working.

We have completed the replacement of the old analog voice mail system with a new digital IP system. Since we still have analog phones, we have to utilize the old switch in addition to our new IP switch. The maintenance on the old telephone switch by itself costs over \$26,856 per year.

Our original intent was to replace analog phones gradually with IP phones and get off of the old system over several years. We were also hoping IP phones would come down in price as they became more widespread.

We continue to have problems with the integration of these two technologies and are faced with expending another \$10,000 trying to make them work together.

If we move to the IP phones and new system immediately, it will cost approximately \$151,332.50 for us to buy the equipment from the State of Idaho contract. If

If we finance this purchase over 5 years at 4.25%, our annual payments will be approximately \$33,700. With cost

elimination of the \$26,856 maintenance charge, we can make this \$33,700 payment from our existing phone system budget.

We respectfully request the Board approve the purchase
