Research Findings on Feedback, Feedback Effects, Feedback Quality, Instructional Learning
Environment Development, Quality of Feedback and Learning
Goals and Objectives

1) Provide additional information about what is expected of the learner.

2) Encourage the learner to make a comparison between his/her performance and the goal.

3) Encourage the learner to self-evaluate his/her performance.

4) Encourage the learner to self-improve his/her performance.

5) Encourage the learner to self-assess his/her performance.

6) Encourage the learner to self-control his/her performance.

7) Encourage the learner to self-monitor his/her performance.

8) Encourage the learner to self-regulate his/her performance.

9) Encourage the learner to self-manage his/her performance.

10) Encourage the learner to self-reflect his/her performance.

11) Encourage the learner to self-adjust his/her performance.

12) Encourage the learner to self-improve his/her performance.

13) Encourage the learner to self-evaluate his/her performance.

14) Encourage the learner to self-assess his/her performance.

15) Encourage the learner to self-control his/her performance.

16) Encourage the learner to self-monitor his/her performance.

17) Encourage the learner to self-regulate his/her performance.

18) Encourage the learner to self-manage his/her performance.

19) Encourage the learner to self-reflect his/her performance.

20) Encourage the learner to self-adjust his/her performance.

21) Encourage the learner to self-improve his/her performance.
